**Beau's Grille Is Heating Up!**

*The Terrace at Beau's Grille is staying open all season long*

**Fairlawn, OH:** The weather may be turning colder but the popular Terrace at Beau's Grille is staying open and prepared for the colder Northeast Ohio temperatures. The Terrace has been completely enclosed with stylish acrylic glass panels that will keep you warm all season long. With the addition of baseboard heat, our overhead heating elements and a cozy roaring fireplace, guests will be warm and toasty, while we continue to circulate fresh outside air and follow the guidelines of the Ohio Restaurant Promise.

Chef Beau Schmidt is offering some mouthwatering entrees to keep the chill away. You will find Short Ribs Bordelaise, Salmon served with sweet potato, brussel sprout and pancetta hash with a Beurre Blanc drizzle, along with favorites like the tempting Long Bone Veal Chop Parmesan.

The Terrace at Beau's Grill is the perfect spot to enjoy gameday, an evening out with friends, or a date night with someone special. Beau's is also offering online ordering along with delivery from DoorDash. Visit us at [www.beausgrille.com](http://www.beausgrille.com).

We look forward to welcoming you all season long.
